DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-7, 15-22, 24, 25, 37 and 38 allowed.
2. The following is an examiner's statement of reasons for allowance: Prior art failed to establish transistor comprising a source/drain including a lightly doped region located adjacent said channel region and a heavily doped region located adjacent to but not surrounded by said lightly doped region within said semiconductor substrate; an oppositely doped well located under and within said channel region; a doped region, located between said heavily doped region of said source/drain and said oppositely doped well, having a doping concentration profile less than a doping concentration profile of said heavily doped region of said source/drain; another source/drain including a lightly doped region located adjacent said channel region and a heavily doped region located adjacent said lightly doped region; and another doped region, located between said heavily doped region of said another source/drain and said oppositely doped well, having a doping concentration profile less than a doping concentration, profile of said heavily doped region of said another source/drain; and an oppositely doped buried layer under said doped region and said another doped region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
